### 🎓 EDUCATION

#### Bachelor of Computer Application

Vikram university

2020 – 2023

#### 12th

Imperial International school

2019 – 2020

#### 10th

Imperial International school

2017 – 2018

### 📁 PROJECTS

#### Calculator

Built a basic calculator using React.js that performs arithmetic operations with a clean UI. Implemented state management using useState and styled the app with CSS for a responsive layout. link of this project: [https://lnkd.in/ge9\\_TTbe](https://lnkd.in/ge9_TTbe)

#### Tictactoe

Developed a Tic Tac Toe game using React.js. Implemented useState for managing the 3x3 grid and player turns. The game detects the winner when three same symbols align horizontally, vertically, or diagonally. Added a reset button for restarting the game. Styled the UI with CSS for a clean, interactive experience. Playable in browser with interactive UI. this is the link of my project : <https://lnkd.in/gZb5yEAz>

#### Kinetic Connect Agency

Excited to share my latest project – Kinetic Connect Agency! A modern and responsive digital marketing website designed to showcase services like SEO, PPC, and social media strategies. Built using [ React, Node.js, Tailwind CSS]. This project helped me strengthen my skills in responsive design, UI/UX, and creating a professional brand website. Check it out here: <https://lnkd.in/gd9xcqeU>

#### My portfolio website

I build a digital space to explore my work, skills, and passion for building web experiences.
